

Java BankAccount Code

```
public class BankAccount {  
    public static void main(String[] args) {  
        double balance = 500.00; // Starting balance  
        double withdrawalAmount = 150.00; // Amount to withdraw  
  
        System.out.println("Current Balance: $" + balance);  
  
        // Check if sufficient funds exist  
        if (withdrawalAmount <= balance) {  
            balance -= withdrawalAmount;  
            System.out.println("Withdrawal successful! Withdrew: $" + withdrawalAmount);  
        } else {  
            System.out.println("Error: Insufficient funds.");  
        }  
  
        System.out.println("New Balance: $" + balance);  
    }  
}
```
